

Kaden 4 years old

My parents are Heather and Derek. My sisters are Qeirstyn and Kynlinn.

My hobbies include playing, watching cartoons, eating snacks, reading books, riding in the truck with dad, listening to music and looking for trains or planes.

For fun I love to play outside on the trampoline, playground or in the sandbox. I also love watching SpongeBob and Alvin.

The shows make me giggle.

My absolute favorite thing to do is spend time with my family: my mom, dad, sisters, grandparents and aunts and uncles. My dad and sisters get my belly laughing so hard. My grandparents give the best snuggles;

I love seeing them.

Since last year's Buddy Walk, I learned to jump off the ground and run.

I know many more words and can even speak in a few word sentences.

I recently started telling jokes in my own way;

my family thinks they are funny.

This year I am going to two preschools. I even get to ride the bus and I love it. And I still do therapy twice a week.

My parents are proud of me all the time. They think I am a super kind, happy, loving boy who works so hard, makes people smile everyday, and inspires others to act the same way. I love them so much!
